

HVAC Technician Skill Training Program

Are you ready to acquire one of the most in-demand skills in the market? Our HVAC Technician Training is your gateway to entering the profitable world of ice block machine fabrication—a new and growing opportunity in many regions.

By learning this skill now, you can become one of the first in your location to start your own fabrication business.

Training Overview

- Duration: One Month
- Format: Hands-on practical training
- Accommodation: Free (bring your own sleeping mat and optional electric stove or boiler)

Requirements for Participation

To participate, you must meet the following requirements and bring the listed materials:

- Registration Fee: ₦80,000 (Required during form filling)
- Sleeping Mat (Required – accommodation is free but self-managed)
- Optional Items:
 - - Electric stove or boiler
 - - Safety wears (Contact us on WhatsApp for guidance)
- Tools Required for Practicals (Compulsory):
 - - 10 Easy Flow Valves
 - - 1 Row of 5/16 Pipe
 - - 10 Pieces of Electrode
 - - 5 Filling Valves
 - - 1 Filling Hose

If you are unable to find these tools in your location, we can help you source them. Contact us via WhatsApp: +2348037467258

What You'll Gain After the Training

- Registration on our Ice Block Machine Technician Forum
- Access to working opportunities in your state
- Skills to repair fridges and air conditioners
- Welding skills
- A certificate of completion
- Opportunity to join Iceman-Tech projects
- The ability to start your own ice block business
- And much more!
